## Desktop USB & Type-C Charging Hub with LED Light

**USER MANUAL**

Thank you for purchasing the Desktop USB & Type-C Charging Hub with LED Light. This compact and versatile charging accessory offers functionality and style all-in-one. Charge up to three devices at one time with the two USB ports and one Type-C making this the ultimate charging desktop device. Additional features include built-in Touch LED /RBG lighting that can be used for accent lighting or as a night light. Select from four LED colors and two mult color sequences.

### DEVICE LAYOUT

### POWER UP YOUR DESKTOP CHARGING HUB

Using the included Type-C charging cable, connect the end with the Type-C connection into the device and the other end to a USB Power Source 5V and up to 3.0 Amps (not included).

You can connect two USB A devices and one Type-C device and charge them at the same time!

### CONTROLLING THE LED LIGHT

This device has a built-in Touch LED/RBG lighting that can be used for accent lighting or as a nightlight.

- Touch the top of the unit for one second and the light will turn white. Tap it a second time and the light will turn red. Tap it a third time and the light will turn green. Tap it a fourth time and the light will turn purple. Tap it a fifth time and you will enter the first color sequence rotation. Tap it a sixth time and you will enter the second color sequence rotation.
